8 The Board of Morticians and Funeral Directors “The Board” voted during the July 17, 2018,  
9 emergency meeting to grant a waiver of the eligibility requirements for registration of  
10 crematory operators. In addition, the Board voted to revise the regulation addressing the  
11 requirement that crematory operator applicants successfully complete the operator training  
12 course of the manufacturer of the cremator located in the crematory with which the  
13 applicant is affiliated. The Board also voted to revise its application for registration of  
14 crematory operators to reflect the current regulations. The Board decided to immediately  
15 move forward with the proposed revision to the regulations.
